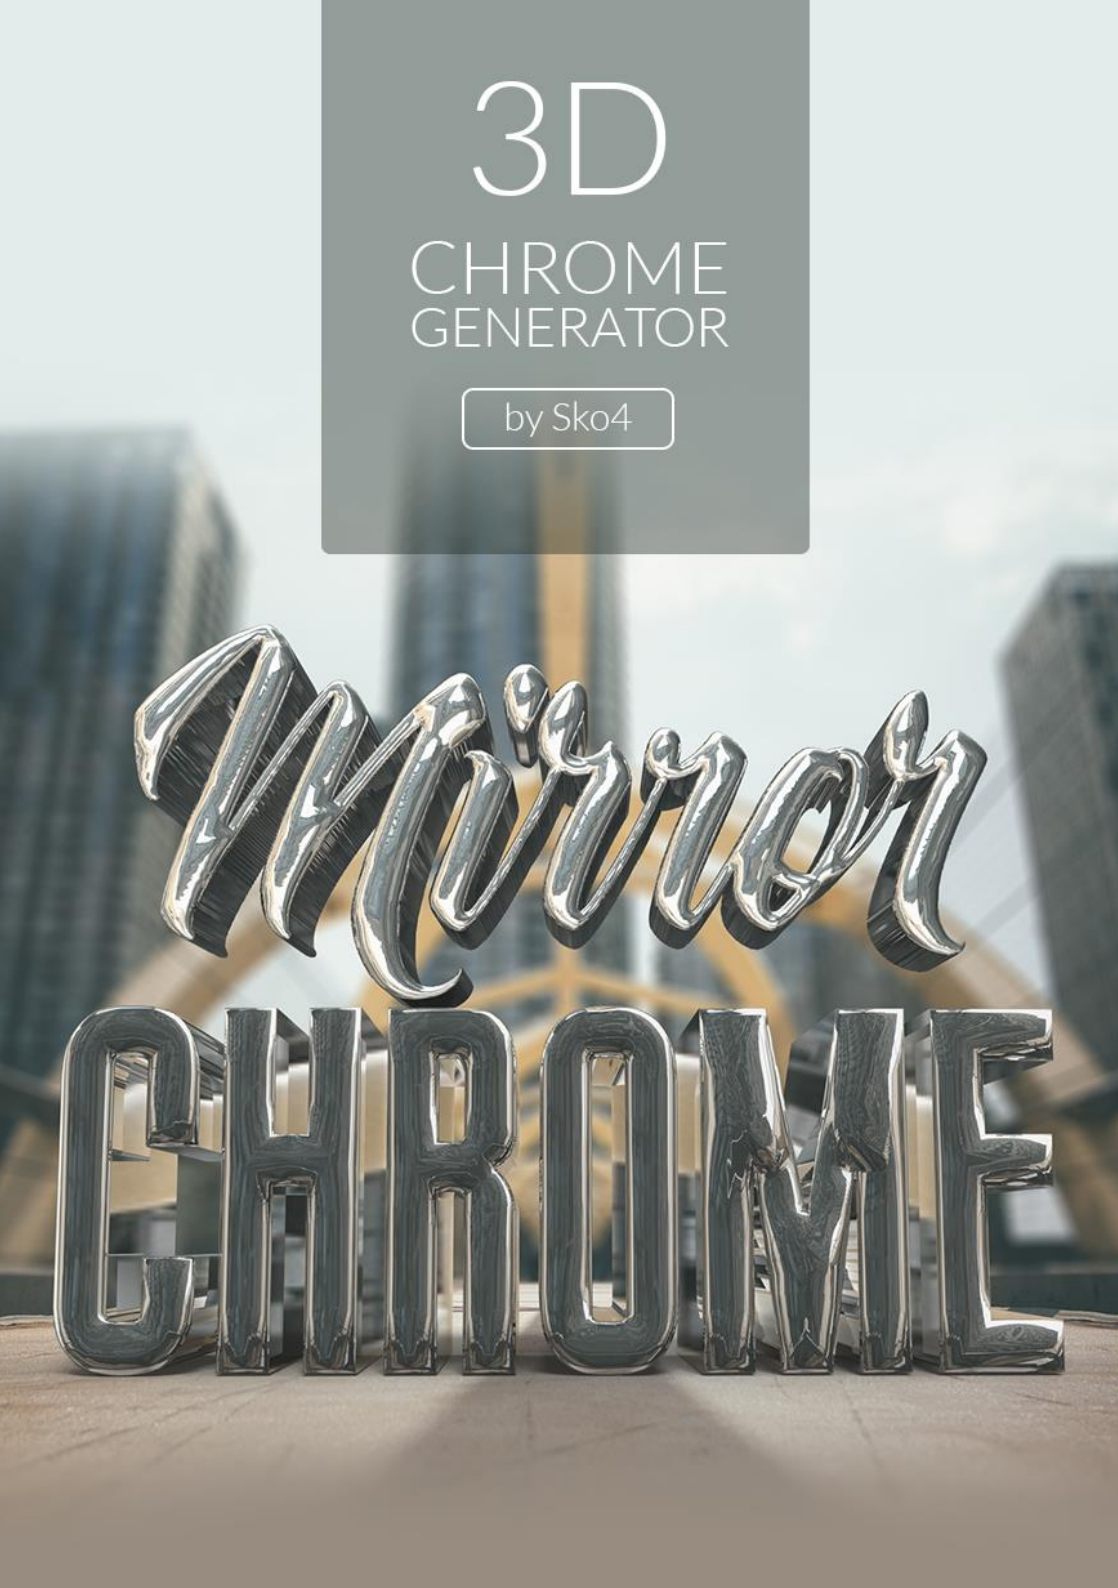
3D CHROME GENERATOR

by Sko4



It's very easy to use this action:

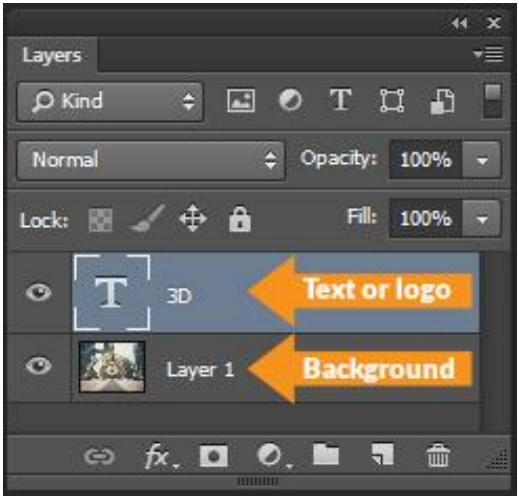
1. Install actions into your Photoshop:

Simply double-click **ATN** files

Or drag and drop **ATN files** into your Photoshop

2. Create new file in Photoshop

or use **Template for Easy Start.psd**



3. Put your background
4. Create your text or paste logo

Text layer | Vector shape | Pixel layer | Smart object | Folder Group

!!! Layers should be arranged in the order shown in the screenshot.
!!! The text should be above the background.
!!! The text layer must be active.

5. Go to the actions palette

If the actions palette is not visible, go to “Window”, then click “Actions” in the dropdown.
