

GUIDE INSTRUCTIONS

FOR USING AND CHANGING THE DESIGN

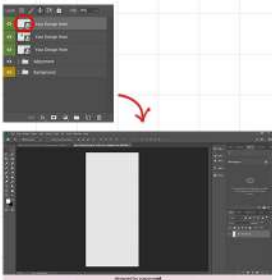

STEP 1

Open The file that you want to change the design.

STEP 2

Doble click on the "Your Design Here". You will be directed to the other tab that will put your design there.

STEP 3

Drag or put your design in the blank display, after that you can press **Ctrl+S** (Windows user) or **Command+S** (Mac user).

STEP 4

Finish. Close the tab and you will see that the design is already changed.
