Table of content

- 01** Working with Images
- 02** How To Change The Colors
- 03** The Section Is Missing?
- 04** Fonts
- 05** Informations

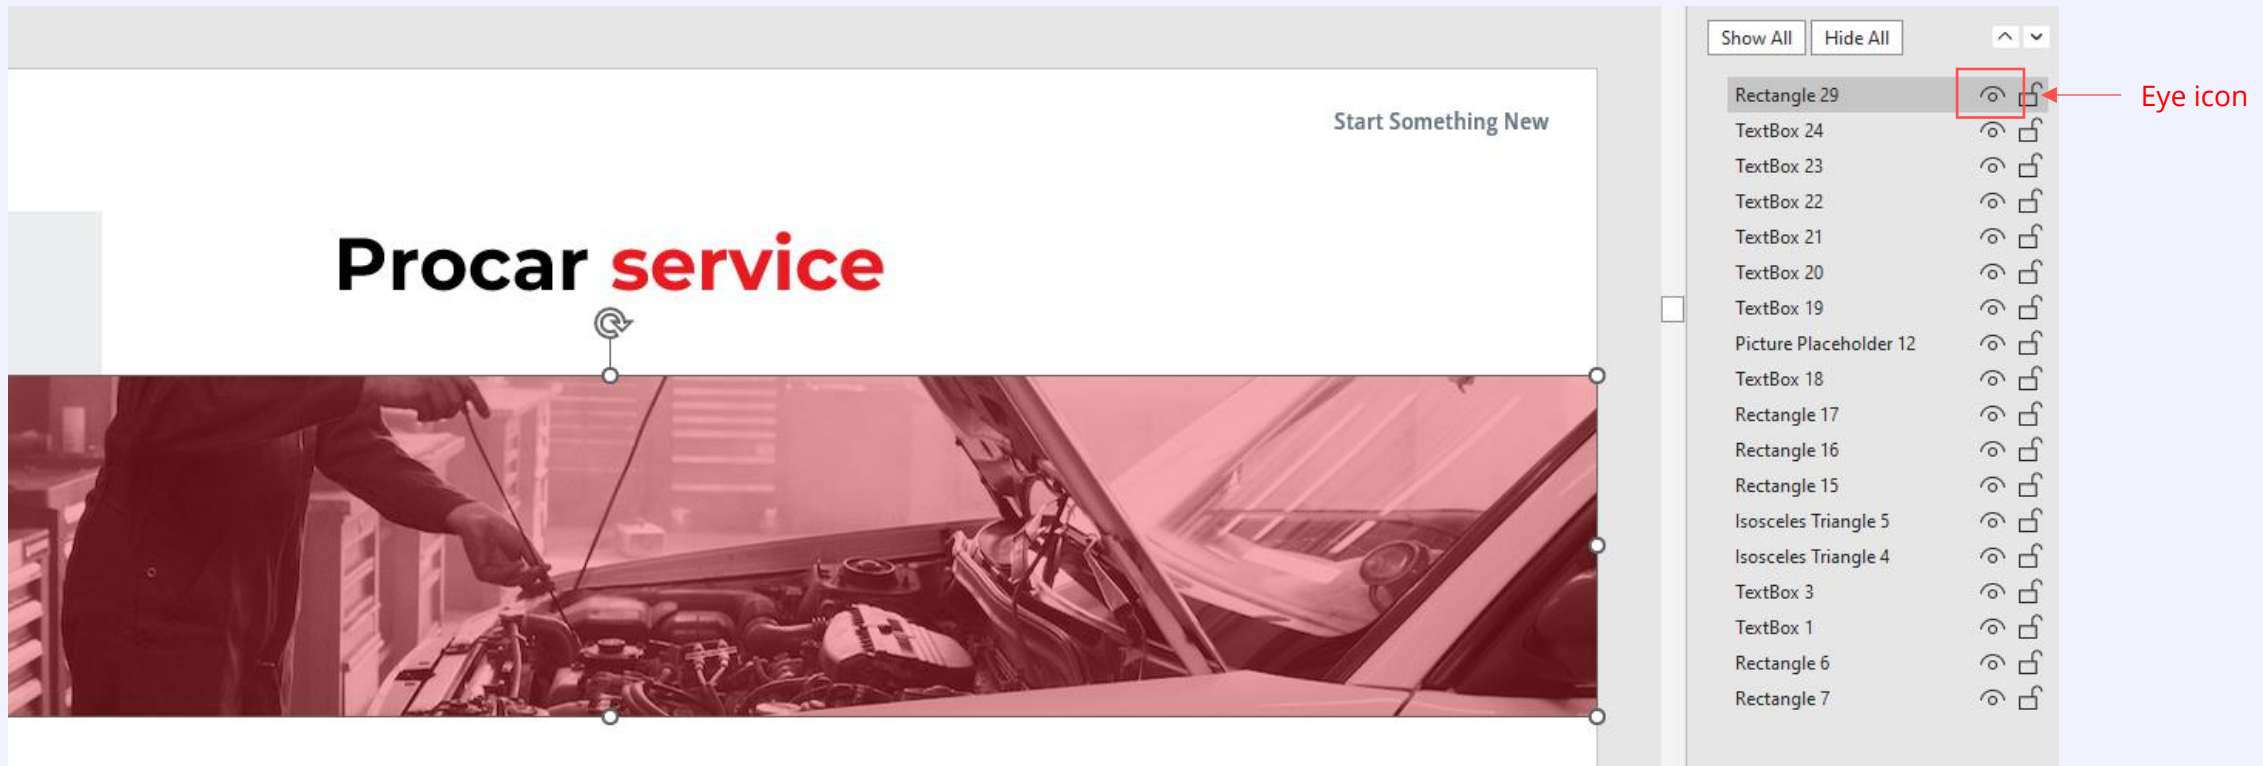

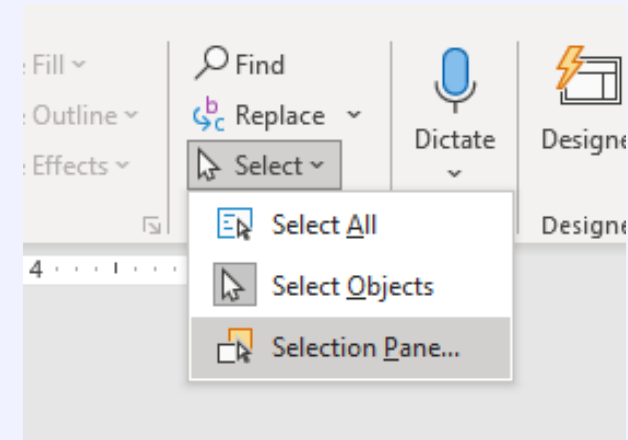

WORKING WITH IMAGES (How to change the images)

- Go to **Image Section**.
- After that **Click The Area** > **Click Image icon** and **choose file from your library**.
- **Note:** (Also, You can drag and drop your image to the image placeholder)

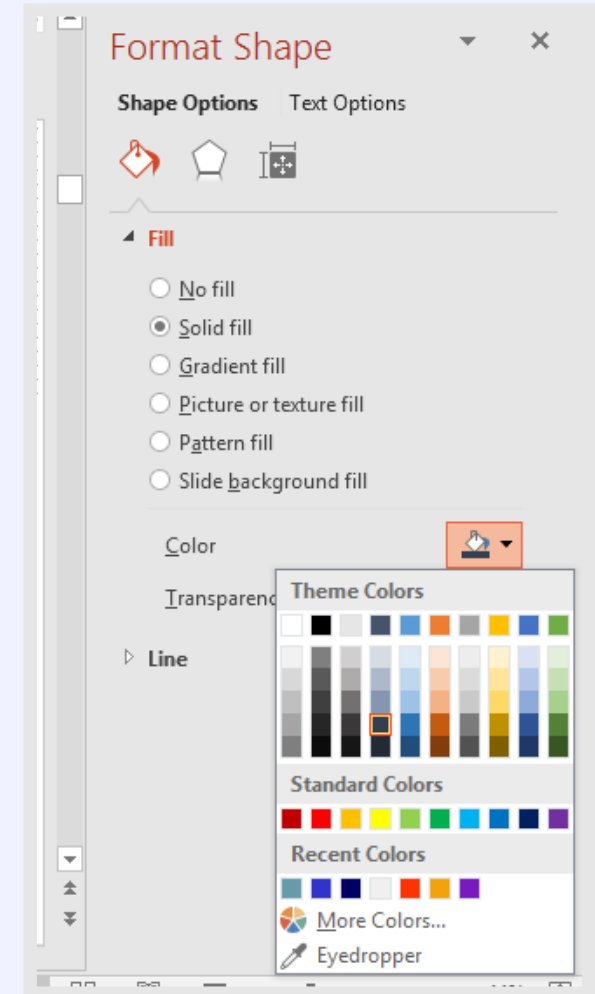

WORKING WITH IMAGES (change images with an overlay)

- Click '**select**' menu on the home tab and then click '**selection pane**'
- Click on the transparent layer and hide it by clicking on the '**eye icon**' and then browse / insert the image, after that make the transparent layer visible again by clicking on the '**eye icon**' again

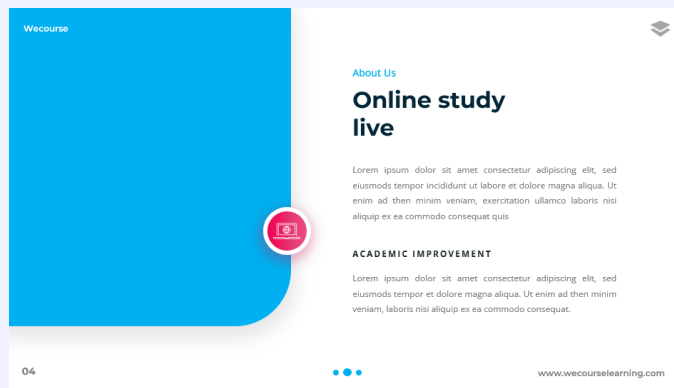

HOW TO CHANGE THE COLORS

- Go to **The Area** that you need to change the color
(check in **Master Slides** or **Home**)
- After that, Right Click **Format Shape** -> click "**Paint Icon**" -> click "**fill**"
- Next, Select **Solid Fill**.
- Finally, **Choose your favourite color**

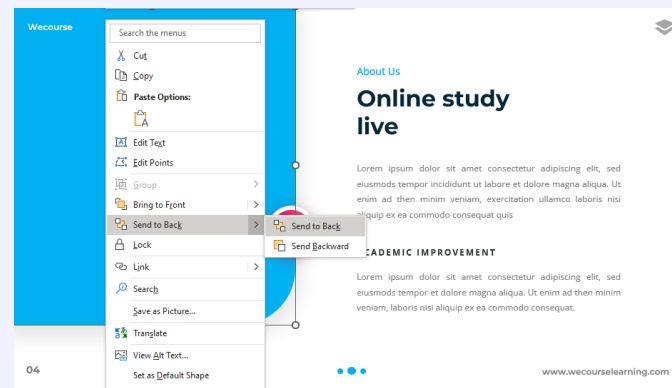

THE SECTION IS MISSING?

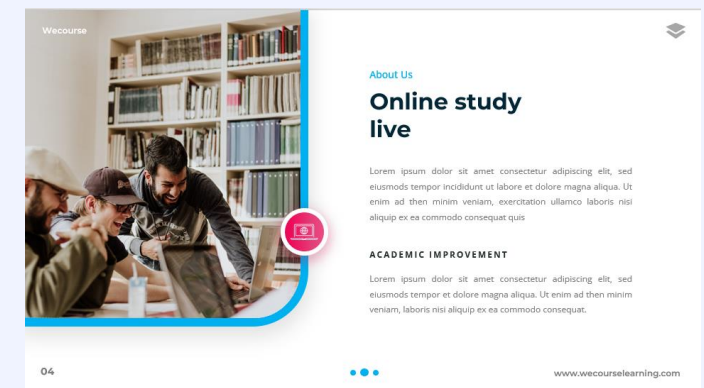

- IF you're found the missing section after **ADDING AN IMAGE PLACEHOLDER**
- Please right click the image/shape, then **"SEND TO BACK"**, It will be put placeholder image/shape at very bottom layer, and the missing section will showing up. Or you can organize the layer by showing **SELECTION PANE** panel (Arrange→Selection Pane)

Missing section

Send to back

The missing section will showing up
